

SPECIAL EVENTS

With all of the technological advancements over the past decade in the entertainment industry, its all too easy to get caught up in it all! Figure of Eight are specialists in making the most of technology whilst retaining the needs of any given event or occasion and working to a budget. From a simple sound system for a private party to a one stop technical solution, we can deliver projects on any level. We offer a whole host of services including:

- Lighting equipment including uplighters for buildings, gardens/rivers
- Sound equipment systems, DJ equipment and associated kit
- Generators, cabling and distribution boards
- Theming, marquees, draping and interior design
- Furniture, staging and associated equipment
- Qualified, competent and considerate designers, technicians and engineers

We pride ourselves on providing the very best of service. Our equipment is maintained and prepared to the highest of standards with a routine maintenance and testing program to ensure all of our equipment is fit for purpose. Our technicians, operators and designers are some of the best in the industry with extensive experience of both temporary and permanent installations, trained in plant operation and working at height.

So whether you need a 'drop and go' service or a complete temporary power solution, please get in touch and let us show you what we can do for your next event.
